# VACUUM CLEANERS<sup>SP</sup>

Originate from the wellknown Ghibli & Wirbel vacuum cleaners AS 59, AS 60 and POWER WD 80.2 and designed for heavy duty tasks, SP (ShockProof) wet & dry vacuum cleaners are characterized by high performances. Available in two and three motor versions, they are even more resistant thanks to the new plastic shockproof containers. The practical handle and the large diameter wheels allow a great manoeuvrability. SP vacuum cleaners represent the ideal solution for cleaning large areas thanks to the 90 liters capacity container and the practical drain hose to easily empty the tank.
